Uniform Info Sheet 2017

Advanced Uniform (Levels Foundation, Secondary Foundation, Intermediate, Advanced).

- Students need to get one 'top' item (eg. leotard or crop top) and one 'bottom' item (eg. leggings or shorts). If they wish to get multiple sets or the same item in two colours this is fine, however it is not required. We have a colour pallet of black cherry and black - the girls can choose which colour they prefer where both are available (some items below are pictured in other colours to demonstration the style not colour).

- Please note the 'cropped swing tank' is only to be worn over uniform items for classes - this will not be permitted to be worn in the exam itself. No extra mufti items will be permitted in classes from the Foundation level upwards.

- Under the leotard girls will need to wear either no bra (the front of the leotard is lined with a crop insert) or a dance bra - this has a clear strap across the back of the bra, as well as clear over the shoulder straps. These are available on Trade Me and sometimes at Farmers etc. If we struggle to find these I can look to put an order in. Under the crop tops girls can again wear no bra or a dance bra.

- From the Foundation level and above we move from jazz shoes to modern dance shoes. I am suggesting the girls get two pairs - one canvas, one leather. Canvas will be worn for classes and leather for performance and exams. I find the leather shoes to wear out more quickly than our usual jazz shoes - however they are less than half the price. Students may need to order a second pair later in the year depending on wear and tear. I am very impressed with the quality of the canvas shoes and think these should last a couple of years. I suggest for students to keep their jazz shoes if these still fit as we may use them from time to time for performances etc.

- We may have some second hand items available – please see Jess for further details.
